Welcome to Victoria and to Canada

It is with great pleasure and enthusiasm that we invite the rowing world to Victoria, home of the World Rowing Coastal Championships 2018 (WRCC 2018).

We are thrilled to be the first location in North America to host this international event. Our vision is to host a championships that provides an excellent experience for athletes, as well as spectators and volunteers. Our goal is to make this regatta a catalyst for the development of coastal rowing on the West Coast of Canada. We are committed to supporting the local community and running a regatta that respects the natural environment.

Join us for an exceptional championships in a spectacular setting. Race with a breathtakingly beautiful backdrop in a pristine environment. Surrounded by snow-capped mountains, abundant wildlife such as porpoise and orca whales, tall trees and rocky islands, Victoria is an adventure playground by the ocean. Come row in a gorgeous setting and be welcomed by warm Canadian hospitality.

Tulista Park in the Town of Sidney is within Greater Victoria and offers an ideal venue for WRCC 2018. A long, straight and gently sloping pebble beach offers the opportunity for the first-ever beach start for the championships. The racing will be on Bazan Bay. While the bay is protected from ocean swells, racers will have challenges of tidal currents, wind, waves and the potential of tricky waters created by the interactions of wind and tide.

Sidney is a safe, compact and friendly community, with all amenities in easy walking distance of the venue. The city of Victoria, a unique blend of old world charm and new world experiences, is only a short distance away. Extend your stay to enjoy the beauty and nature of Vancouver Island and naturally spectacular British Columbia.

We are ready and eager to host the world's best coastal rowers in October. See you in Sidney!

Yours sincerely,

Julien Bahain
On behalf of WRCC 2018 Organizing Committee

Race Course

The race course will be set on Bazan Bay, which faces east into Sidney Channel (4 km wide). Several islands separate the bay from Haro Strait, providing some protection from SE wind and waves. The FISA team will be working with the regatta organizing committee to design an interesting and challenging course that takes advantage of the local conditions.

Bazan Bay features a long, straight, gently sloping pebbly beach, suitable for a standing beach start, the first-ever at a World Rowing Coastal Championships. A beach start will be possible under most conditions, however, plans will also be developed for a floating start, 250 m off the beach. The finish will be on the water, with the finish line perpendicular to the beach with the inshore end about 100 m offshore.

Race distance (tentative): heats 4 km, finals 6 km

Course details and maps will be posted on the event website as soon as they are finalized.

Wind, Weather and Water (for October 11-14)

Typical daily high: 14°C typical daily low: 5°C

Average water temperature 10°C

Typical wind speed: 4.7-4.9 m/s

Typical wind direction: southeast (135°-150°)

Sunrise: 7:30 am

Sunset: 6:30 pm

The venue is not exposed to ocean swells. Tidal currents in the area of the course run towards the south on the ebb and to the north on the flood, and will be between 0.5-2 m/s. During the regatta, flood currents in the morning and late afternoon may reach 2m/sec (4kts) but between mid-morning and mid-afternoon ebb currents will be less than 0.5 m/sec (1kt).

Waves are wind-generated. Wind against tide can create localized steep waves and choppy water conditions.

Venue

The boat park, athletes village (including medical and rest tents), and marketplace (vendors and food trucks) will be located at Tulista Park at the north end of Bazan Bay, less than 1 km south of the heart of Sidney. Amenities (accommodation, banks, restaurants and cafes, grocery stores, etc.) are located within easy walking distance. Wifi will be available at the venue.

Excellent viewing for spectators is afforded along the shorefront walkway that extends for over 2 km from Tulista Park south along Bazan Bay, and north to the Sidney pier.

[Check out Google street view for a view of the venue.](#)

About Sidney and Victoria

Sidney is located on the Saanich Peninsula, at the southern end of Vancouver Island, approximately 20 km north of Victoria, 5 km from Victoria International airport and 5 km from the BC Ferries terminal at Swartz Bay.

Sidney (SETI,NES) is in the traditional territory of the WSÁNEĆ First Nation, which includes the Tsaykum, Tsawout, Tsartlip and Pauquachin bands. A compact, picturesque community of about 12,000 residents, Sidney lies on the shores of the Salish Sea, amidst the beautiful Gulf Islands. The pedestrian-friendly downtown offers an excellent variety of stores, speciality shops and businesses providing unique products and personalized service. Sidney is Canada's only Booktown where you can enjoy many hours of browsing through new and used bookstores. Visit the Shaw Centre for the Salish Sea, explore the beaches and tide pools, relax in one of Sidney's local cafes or enjoy a walk along the Seaside Walkway.

Victoria is a vibrant city on the edge of nature, blending old-world charm and new-world experiences. Surrounded by the sea, close to the rugged West Coast and the peaceful Gulf Islands, the Victoria region is a playground for adventurous outdoor enthusiasts, offering great hiking, kayaking, diving, fishing, mountain biking and whale watching.

Enjoy the fabulous West Coast cuisine - think locally roasted coffee, locally grown fruits and vegetables, salmon, cheeses from Saltspring Island and award-winning BC wines. Victoria is acclaimed as BC's craft beer capital.

Sophisticated, a little wild, fascinating and friendly – welcome to Sidney, Victoria and to Canada. For more information and inspiration check the website of the [Town of Sidney](#) or [Tourism Victoria](#).
